Larsen Pneumatic Stall Gate Upgrades

New from Larsen Dairies , the latest in minimal service stalling. Now using compressed air instead of outdated vacuum lifting systems, you have more precise control and a positive locking feature to keep your cows where they need to be. With compressed air there is no demand on your vacuum system, freeing up valuable and often much needed vacuum. With no vacuum cylinders to service your ongoing running costs are lower than ever.

- Solid heavy wall 50nb gal pipe jump bar
- Pneumatic stall Lift
- Retro fit Pneumatics to existing stalls
- Less maintenance
- Split systems available
- Lifts up to 20 stalls all together

- Instantaneous movement
- Easily controlled speed and force
- Allow vacuum supply to concentrate on milking only
- Longer lasting components.
